snvckdvddy.github.io/portfolio

I build at the seam between **craft** and **engineering**.

I came up making things by hand, then learned to make them by machine. The constant is intention: using AI and automation to move faster without letting them flatten the humanity in the work.

CAPABILITIES

DESIGN & MOTION

Blender (Cycles/Octane), After Effects, 3D product viz, VFX compositing, ACEScsg, Adobe CC, Figma

AI & AUTOMATION

AI production pipelines, prompt engineering, Python, PowerShell, Bash, FFmpeg, Colab

WEB & BUILD

React, Vite, Tailwind, Node, HTML/CSS, Git/GitHub

SELECT CLIENTS

Serta · Sleeper · PrizePicks · Squatty Potty · Axiom Space · CDA Casino & Resort · Four Seasons Roofing · STCU

EDUCATION & RECOGNITION

BS, Cybersecurity (Cyber Operations)

Eastern Washington University · 2026–2029

AAS, Graphic Design

Spokane Falls Community College · 2021–2023

Bronze ADDY Award (Student) · 2023

Frequen-C brand identity & packaging

AI + Design (DESN 374), EWU · 2026

Aligned to the U.S. DOL AI Literacy Framework

1,000+ hours self-directed prompt engineering

01 SELECTED WORK

National-brand VFX & 3D

Serta · Sleeper · PrizePicks

Led VFX and 3D compositing for nationally-aired campaigns: screen comps, 3D animation, object replacement, and ACEScsg finishing.

AI Reflection-Removal Pipeline

Python · Colab

Built an ERRNet/JDDNet pipeline to batch-remove lens glare and recover footage that was otherwise unusable.

PurSteam Cinematic 3D Promos

Blender

Directed launch films end to end, from custom camera rigs and steam simulation through to ACEScsg finishing.

Windows “Recovery Toolbox”

PowerShell

A PowerShell suite that automates system recovery, with vetted backups and symlink-loop protection.

02 EXPERIENCE

Lead Graphic Designer · Colormatics

2023 – 2025

Joined as an intern, earned a salaried Graphic Designer role after six months, then was promoted to Lead. Led 3D and VFX for national commercials while owning web, UI, and brand for agency clients, and wrote Python, Bash, and FFmpeg automation that cut repetitive post-production work.

Independent / Freelance Creative

2025 – Present

Client branding (Moonlit Branding) and AI-assisted web builds, alongside full-time study at EWU.
